STEP FORWARD AMERICA! A CASE FOR A NATIONAL SERVICE PROGRAM (PAPERBACK)

DOWNLOAD

Outskirts Press, United States, 2014. Paperback. Book Condition: New. 211 x 137 mm. Language: English . Brand New Book ***** Print on Demand *****.Everyone agrees that America is in crisis, and that urgent action is needed if we are to maintain our status as the world's greatest superpower. However, it seems that nobody can agree on how to save our failing nation. Step Forward America! makes a compelling case for a National Service program, which would benefit America as a country by motivating and educating our youth to become engaged citizens of our nation and of the world. With clear reasoning, supported by nationally recognized political journalists and government and military officials, this book outlines the logistics, potential protocols, and vast benefits of a National Service program that includes both military and civilian options. Step Forward America! is an invaluable tool for supporters of National Service, and if you're a skeptic, this book may very well change your opinion. Step forward with an open mind, and learn how each citizen of America can contribute to the healthy future of our country.
