Brand New Book ***** Print on Demand *****.Student-athletes take on the dual tasks of the classroom and the field/court. For all the parents, relatives, teachers, coaches, and supporters of student-athletes, sharing valuable aspects of guidance that will help with their success in school, on the court, on the field and in life is pivotal. By reading these words of motivation and direction, the goal is to give a bit of insight on what to expect in the upcoming years. Measuring success is an ongoing process. The success of a student-athlete is measured by various standards. As school set standards and rate student-athletes academically and athletically, each person must judge their own level of success, and what they should aim for in the efforts of achievement. All student-athletes will not make the status of "professional athlete", but all will have the opportunity to be a professional in their industry of choice. That success is measured by their contribution and service to their family, community, and the world at large.
