The gains are not only in the roll of distinguished names and the record of grand achievements, but also in a wide diversity of peculiar gifts. Some have wrought at foundations, out of the sight of men. Some have left monuments of long suffering toil in languages reduced to writing and in translations of the word of God. To others it has been given to illustrate, in some heroic way, the patience of hope. It is said that at the opening of the American Board's work in India more missionaries died in the first twenty years, than there were converts made. The men sent by the London Missionary Society to the South Seas spent fourteen years of self denying service before a single native's voice was heard in prayer, and it was only after twenty-two years of toil that they were made glad by the baptism of the first convert. The subject of this Memorial was permitted, through the abounding grace of God, to enjoy a wholly different experience.
