Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Jesus or Paul? This beautiful book belongs to a class of works that have lately appeared in Germany, and form a most significant feature in the theological world of to-day. We see from them that distinguished members of the great critical school, which during the last half-century has done so much by means of literary and historical study of the documents to increase our knowledge of early Christian history, are now devoting their attention to a question of supreme importance to the great body of Christian people - namely, the question of our spiritual relationship to the great events of those early days. These scholars are now taking stock of the results of criticism as they affect the faith of the Christian, and are attempting to lay the foundation of a practical Christian teaching that is abreast of the moral and intellectual requirements of our days. It is in relation with this new movement that this book, which now appears for the first time in English form, should be judged.
