Does the System Really Care? Each year, thousands of married men face an unwelcomed and oft-times emotionally agonizing experience of learning that the child they presumed to be theirs is not. They learn either through the wife s admission or some other source. Presumption of paternity is a legal definition that still exists in several states, meaning what is born in a marriage is considered to be of that marriage whether the child is the husband s (or ex-husband s) or not. Some men also find themselves paying child support for another man s child even after he s proven the child is not his. In the cruelest of ironies, Garner Davis now lives through something that is part of a secret his mother, Miriam, kept from him throughout his childhood and well into his adult years. Presumption of Paternity is the sequel to national selling author S.B. Redd s critically acclaimed Warped Intentions, and it is sure to evoke emotions that will lead readers on a page turning experience.
